

Elevate Your Home's Ambiance with Goldmedal's Thor Ceiling Fan

"Experience Unmatched Comfort with Goldmedal's Thor Super Decorative Ceiling Fan!"

National, 15th December 2023: Goldmedal Electricals, one of India's leading Fast Moving Electrical Goods (FMEG) companies, introduces the Thor Super Decorative Ceiling Fan. This fan enhances your living space with a perfect blend of advanced technology and modern design, creating a unique experience that improves both your surroundings and well-being.

The India ceiling fan market is majorly being driven by rapid urbanization and the increasing construction of new residential buildings. The Thor Super Decorative Fan comes equipped with an electroplated body, adding a touch of sophistication to its aesthetic appeal. The four-bladed fan ensures powerful and efficient air circulation, contributing to a refreshing and comfortable atmosphere in any room.

Commenting on the launch of Thor Super Decorative Ceiling Fan, **Bishan Jain, Director, Goldmedal Electricals**, said, *"At Goldmedal, we are dedicated to enhancing the comfort and well-being of our customers and their homes. This new edition to our fans blends style and function seamlessly. Its four-bladed design circulates air efficiently, creating a refreshing and comfortable atmosphere in every corner."*

Other features include:

1. **Body Type:** An electroplated finish means that the fan's body looks aesthetically attractive and enjoys a longer life.
2. **High Grade Copper:** High-grade copper used in this fan refers to a superior quality of copper that is purer and more refined compared to lower grades.

This product is available both online and in retail stores at a price of Rs. [3,500/-](#). The Thor Super Decorative Ceiling Fan comes with a warranty of 2 years.

About Goldmedal Electricals

Goldmedal Electricals is a home-grown electrical company which was established in the year 1979 with a vision to create electrical switches and accessories that make a positive difference to the lives of consumers. The company is known in the industry for manufacturing high quality wiring devices and introducing a host of innovations in the industry. The company has manufacturing units in Vasai outside Mumbai, Bhiwadi in Rajasthan, and Vijayawada in Andhra Pradesh. It is one of the few companies in the industry to have a completely in-house, state-of-the-art tool room and testing facility. Today, the company manufactures a vast range of electrical products including various types of Switches, Home automation systems, LEDs, Fans, Security Systems, Entertainment devices, Doorbells, Wires, Cables, DBs and more for residential buildings as well as commercial establishments.
