

Elevate your ambiance: Introducing Goldmedal's Orchid LED COB Spotlight for elegant illumination

Mumbai, 15th February, 2024: Goldmedal Electricals, one of India's leading Fast Moving Electrical Goods (FMEG) companies, introduces the Orchid LED 18W Black LED COB Round Spotlight, a lighting fixture designed to deliver bright and even lighting in desired areas. Made with polycarbonate gun black reflector and pressure die cast housing, the Orchid provides better heat dissipation. It includes a separate energy-efficient driver that performs seamlessly over a longer duration.

It is available in two colour temperatures 3000k and 4000k in multiple wattages that provides a warm ambiance. It is ideal for a variety of spaces including entrances, living rooms, bedrooms, kitchens, as well as commercial settings like stores, shops, and offices.

Key features of the orchid LED COB spotlight include:

1. Integrated design for easy installation.
2. 105-degree beam angle with anti-glare diffusers for uniform lighting.
3. Pressure die-cast housing for enhanced durability.

Mr. Kishan Jain, Director, Goldmedal Electricals, said *"We are delighted to introduce our newest product: The Orchid LED COB spotlight. Built with a strong focus on sustainability and durability, this product exemplifies our dedication to building eco-friendly solutions for contemporary environments. The LED COB Spotlight seamlessly blends modern design and efficiency, while still appealing to traditional preferences."*

This LED COB Spotlight is available in both white and black housing options and retails at a price of 2,095 rupees with a two-year warranty.

About Goldmedal Electricals:

Goldmedal Electricals is a home-grown electrical company which was established in the year 1979 with a vision to create electrical switches and accessories that make a positive difference to the lives of consumers. The company is known in the industry for manufacturing high quality wiring devices and introducing a host of innovations in the industry. The company has manufacturing units in Vasai outside Mumbai, Bhiwadi in Rajasthan, and Vijayawada in Andhra Pradesh. It is one of the few companies in the industry to have a completely in-house, state-of-the-art tool room and testing facility. Today, the company manufactures a vast range of electrical products including various types of Switches, Home automation systems, Fans, Security Systems, Entertainment devices, Doorbells, Wires, Cables and more for residential buildings as well as commercial establishments.
