### Connect anywhere, rock anywhere with the new 'I-Dock Music Player'

Goldmedal Electricals has launched i-Dock music player under its GIFA range of modular products. The music player is a first-of-its-kind entertainment system that allows consumers to enjoy music by easily installing it within a switch plate.

Goldmedal's i-Dock player lets you charge your iPhone / iPod device as well as play music stored on your Apple devices and other MP3 players. Compact in dimension, the i-Dock Player can be installed directly into a flush box with Goldmedal's modular cover plates. Equipped with an in-built stereo amplifier, it enables direct speaker connection. An additional line output enables you to connect your music to any HI-FI or multi-room system. The 3.5 mm Jack socket provided on the unit allows i-Dock to play music stored on any MP3 player.

Commenting on the launch, Mr. Kishan Jain, Director, Goldmedal
