

Goldmedal Crystalline LED Floodlight: Transform Your Space with a Cool Daylight Glow

Introducing Crystalline LED Flood Light which is Affordable, Durable, and Innovative

Mumbai, 6th February, 2024: Goldmedal Electricals, a leading player in India's Fast Moving Electrical Goods (FMEG) sector, proudly introduces its latest breakthrough – the Crystalline LED Flood Light. The Crystalline Floodlight stands out with its impressive array of features, making it a top-notch lighting solution for diverse applications, priced at Rs. 1,149 for 30W and Rs. 1,449 for 50W, combines an appealing array of features with affordability and durability

Key features of the Crystalline LED Flood Light include:

High Brightness: With a powerful and exceptional light output of up to 100 lumens per watt, the Crystalline Floodlight outperforms traditional lighting in terms of efficiency, resulting in significant energy savings of up to 50% and a notable decrease in electricity costs.

Multiple Wattage Options: The Crystalline Floodlight, which comes in 30 and 50W versions, has an isolated driver that is dependable and compliant with BIS regulations.

Fresnel Lens Design: The floodlight is made with an aluminium housing with Fresnel lenses, which gives it great light dispersion and endurance for a variety of uses.

IP66 Protection: The Crystalline Floodlight, which has an IP66 rating and is resistant to dust and rain, is a great option for outdoor illumination.

Longevity & Warranty: Boasting a minimum lifespan of 25,000 hours, the floodlight comes with a two-year warranty, ensuring lasting performance and customer satisfaction.

Voltage & Surge Protection: The floodlight operates within a wide voltage range of 100-300VAC, incorporating overvoltage protection for consistent and high-quality light output.

Versatile Applications: The Crystalline Floodlight finds optimal use in various settings, including small billboards, outdoor flood lighting, façade lighting, and security lighting.

Competitive Pricing: Priced at Rs. 1,149 for 30W and Rs. 1,449 for 50W, the Crystalline Floodlight offers an attractive combination of features and affordability.

"I am delighted to introduce our latest product, the Crystalline LED Flood Light – a lighting solution meticulously designed to meet the evolving needs of modern users," said Kishan Jain, Director at Goldmedal Electricals, in response to the introduction. "This product is an example of how to combine modern design and efficiency along with alignment of conventional choices. By adapting to individual lighting requirements, our smart chip technology improves the lighting experience and guarantees a customized, energy-efficient illumination process for maximum comfort and effectiveness."

With its advanced Crystalline LED technology, this lighting solution unveils a perfect blend of elegance and efficiency. You can expect a radiant, energy-efficient lighting solution that not only brightens your space but also adds a touch of contemporary sophistication. Known for creating modern LED lighting fixtures and lights, Goldmedal Electricals currently offers modular switches, accessories, LED lighting, wires, cables, doorbells, fans, PVC pipes, DBs, MCBs, and more in addition to a wide selection of other products.

About Goldmedal Electricals:

Goldmedal Electricals is a home-grown electrical company which was established in the year 1979 with a vision to create electrical switches and accessories that make a positive difference to the lives of consumers. The company is known in the industry for manufacturing high quality wiring devices and introducing a host of innovations in the industry. The company has manufacturing units in Vasai outside Mumbai, Bhiwadi in Rajasthan, and Vijayawada in Andhra Pradesh. It is one of the few companies in the industry to have a completely in-house, state-of-the-art tool room and testing facility. Today, the company manufactures a vast range of electrical products including various types of Switches, Home automation systems, Fans, Security Systems, Entertainment devices, Doorbells, Wires, Cables and more for residential buildings as well as commercial establishments.
