- The company claims the LED lights will offer dual lighting system
- In May this year, Goldmedal had launched home automation series

Electrical goods company Goldmedal Electricals has launched multi coloured Duos LED light in India. The company has priced the newly launched product at Rs 560. The company claims that the Duos LED light will offer two sources of light in one unit.

Duos LED light

The company claims that the LED lights offers a dual lighting system. The light can feature as a down light and as a mood light with light emitting from its sides. Goldmedal says that the new LED lights can be used independently or together to create illumination around.

Surge protection up to 2.5 KV

Goldmedal says that the LED lights have high lumens with up to 80 lumens per watt. It also features beam angle 100 degrees, surge protection up to 2.5 KV and polycarbonate housing with anti glare diffuser. The bulb is detachable from the front which allows for problem free installation, removal and when needed replacement according to the company.

Kishan Jain, director, Goldmedal Electricals, said "We, at Goldmedal, have been striving to provide innovative LED lighting solutions that offer convenience and innovation at affordable prices. With the festivities having begun and lighting playing an important role in building up the festive spirit, we have launched the DOUS LED light, which is innovative, stylish and offers a touch of color to people's
