Goldmedal Electricals has announced the launch of i-Dock music player under its GIFA range of modular products. The music player, as per the company, is a first-of-its-kind entertainment system that allows consumers to enjoy music by easily installing it within a switch plate.

Kishan Jain, director, Goldmedal Electricals said, "We are a technology driven company that firmly believes in providing consumers with cutting-edge products that are truly ahead of their time and make a positive difference in the lives of consumers. We are continuously upgrading our products and solutions to cater to the ever-evolving needs of our customers. With the launch of i-Dock music player, we aim to provide both comfort and convenience to our customers."
