### Goldmedal Electricals launches i-Touch Wi-Fi Switch range

New Delhi, May 31 (UNI) Electrical goods FMEG company Goldmedal Electricals has introduced i-Touch Wi-Fi Switches, available offline for Rs 5,900/- onwards, that can be controlled manually as well as through a remote control, mobile app and voice commands, viz. Amazon Alexa and Google Assistant.

"These switches are extremely easy to install as they can be retrofitted into the existing wiring of one's home – without the need to drill any new holes or re-wiring. These switches are super luxurious in appearance, with the blue backlit LED touch buttons making it easier and convenient to operate the unit in the dark. The glass interface ensures that even the gentlest of touches is enough to operate the switches," said company's director Kishan Jain in a statement.

The introduction of Goldmedal's wide range of Home Automation switches and systems gives consumers the chance to incorporate the concept of smart living in their daily lives.
