The screenshot shows a web page from Realty Plus Magazine. At the top, there is a navigation bar with links for 'About Us', 'Comments', 'Subscribe', 'Advertise', 'Editorial', and 'Contact us'. A search bar is also present. Below the navigation bar, there is a 'BREAKING NEWS' section with a headline: 'NY Workplace Strategy Company Unispace Opens Its Sec...'. The main header features the 'Realty+' logo and a banner for 'VTP altair' celebrating the extraordinary 'PREMIUM 2 AND 3 BED HOMES, NEAR YOO VILLAS - KHARADI, PUNE'. A secondary navigation bar includes links for 'Home', 'Developers Speak', 'Features', 'Realty Spotlight', 'Interviews', 'Products', 'Projects', 'Brokers', and 'Events'. The article content is titled 'Goldmedal Electricals Unveils 'Hoopla' Ceiling Fan' and includes a large image of the fan. The text describes the fan's design, performance, and features. To the right of the article, there is a video player with a message: 'Your browser can't play this video. Learn more'. Below the video player, there are two advertisement sections. The first advertisement is for 'WATBRTEC' and 'Total plumbing & bathroom solutions', featuring various bathroom fixtures. The second advertisement is for 'sell.do' and 'TOP CEOs OF BENGALURU REALTY CONVERGE', featuring a list of speakers and a moderator.

Goldmedal Electricals unveiled a stylish ceiling fan 'Hoopla' under their decorative ceiling fans category. As the company is in-line with the government's mission of making India truly Atmanirbhar, Goldmedal Electricals have manufactured the Hoopla ceiling fan in India.

The Hoopla decorative ceiling fan sports a contemporary design on the traditional 3-blade fans. A modern combination of metallic rings on the motor and premium embellishments on the blades, gives it an additional edge over the average performing fans available in the market.

Goldmedal's Hoopla fan comes coated in a unique and highly specialized anti-dust paint finish that prevent dust settlement or paint chipping thereby maintaining the glossy look for longer. Hoopla is available in three sophisticated metallic colours that can easily complement trendy interiors and add aesthetic value to any space.

Bishan Jain, Director at Goldmedal Electricals said, "We are delighted to launch Hoopla decorative fan which boasts an ultra-premium design as well as a powerful motor that promises a super-efficient performance. With the launch of Hoopla ceiling fan, we aim to offer consumers a stylish variant that is luxurious yet affordable. It has been curated with the needs of the design-conscious and modern Indian populace in mind. We have packaged it with best of the features and top notch quality that add aesthetic value."

Hoopla is powered with a robust 72 watt motor that is coiled with high grade copper windings. The pure grade copper in Hoopla is thermostatically balanced, which ensures maximum conductivity and high efficiency. Goldmedal's Hoopla is equipped with wider blades that offer an air delivery of 230 CMM with a big sweep area. Hoopla is amazingly efficient with a sweep of 1200 MM and runs soundlessly at a high speed of 380 RPM. Available in three exclusive colors – Champagne Gold, Titanium Silver and Burgundy Brown.
