Goldmedal Electricals unveils a stylish 'Hoopla' ceiling fan

Posted On: 2021-09-14

Others United News of India Newswire

Mumbai, Sept. 14 -- Goldmedal Electricals, Fast Moving Electrical Goods major (FMEG) unveils a stylish ceiling fan 'Hoopla' under their decorative ceiling fans category.

As the company is in-line with the government's mission of making India truly Atmanirbhar, Goldmedal Electricals have manufactured the Hoopla ceiling fan in India. The Hoopla decorative ceiling fan sports a contemporary design on the traditional 3-blade fans. A modern combination of metallic rings on the motor and premium embellishments on the blades, gives it an additional edge over the average performing fans available in the market. Goldmedal's Hoopla fan comes coated in a unique and highly specialized anti-dust paint finish that prevent dust settlement or paint chippin...
