The image is a screenshot of a news article on the Dailyhunt website. At the top, the Dailyhunt logo is visible. The main image shows a black smartphone docked in a red and black i-Dock Music Player. Below the image, the article title reads "Goldmedal i-Dock Music Player launched for Rs 6,100". There is a "Loading Advertisement" placeholder. The article text states: "The i-Dock Music Player is essentially a dock for Apple and Bluetooth-enabled devices". It further explains that Goldmedal Electricals has expanded its range of audio devices by launching the i-Dock Music Player, which is essentially a dock for Apple devices, including the iPhone and iPod, and MP3 players. The accessory allows users to charge and play music stored on these devices. A second image at the bottom shows a close-up of the smartphone docked in the player.
