**Goldmedal's Duos LED light offers two light sources in one package**

Mumbai, October 9, 2019: Goldmedal Electricals, the leading home-grown fast moving electrical goods (FMFG) company has launched the DUOS LED light as part of its lighting segment.

DUOS is a unique LED that offers two sources of light in one unit. With this launch, Goldmedal is offering an innovative LED lighting option for decorative use, just in time for the festive season. DUOS LED light offers a dual lighting solution; it can function both as a down light and as a mood light with light emitting from its sides. The two lights can either be used independently or together to create a beautiful illumination all round. DUOS is incredibly simple to use—depending on the desired lighting option. Designed with an integrated driver, DUOS is also detachable from the front, which allows for a hassle-free installation, removal and replacement. Its light weight further adds to the overall convenience. Goldmedal's DUOS LED light is available at all major retail outlets at a starting price of Rs. 560.
