FAN BY GOLDMEDAL

 **Goldmedal**[®]
SWITCH TO THE AMAZING

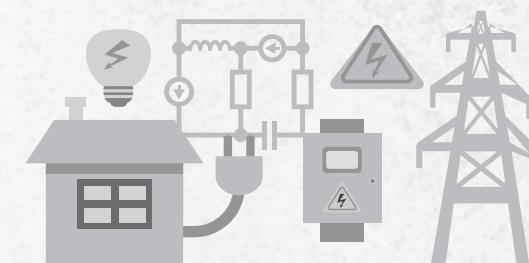

**CONSERVE ENERGY,
PRESERVE THE PLANET!**

Fans are one of the most heavily used electrical devices in India. No wonder they are responsible for a substantial part of a typical household's power consumption. At Goldmedal, we aim to help reduce your power bills and contribute to a greener planet through our BLDC fans and star-rated fans. These fans are a marvel of innovation - cutting down power consumption by up to 60%. and also ensure much less power usage compared to traditional fans.

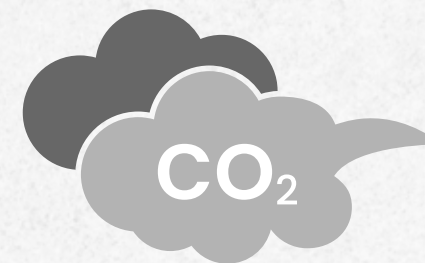

Along with equipping our fans with power-saving capabilities, we also ensure that Goldmedal fans offer high-speed cooling, noiseless operation, and high aesthetic value. Created to meet the needs of contemporary living, Goldmedal fans are designed with advanced aerodynamic features, smart controls, and unique styling that complements the décor of every house. Minimizing energy consumption is the need of the hour and the Goldmedal range of BLDC and star-rated fans promotes an eco-friendly environment for the betterment of all life on earth.

**DID YOU KNOW THAT USING
GOLDMEDAL STAR RATED FAN FOR 10 YEARS
CAN...**

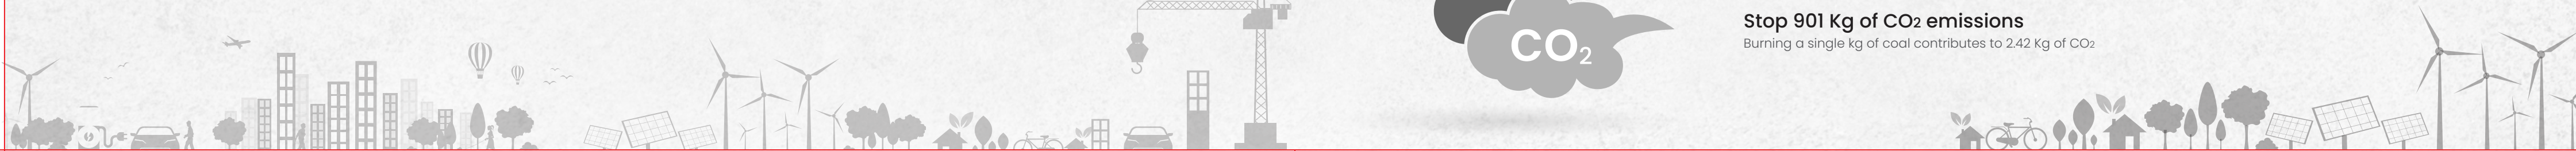

Reduce Electricity Consumption By 2686 Kwh
1 kg of coal creates 7.21 Kwh of electricity

Reduce coal consumption by 372 Kgs
1 kg of coal creates 7.21 Kwh of electricity

Stop 901 Kg of CO2 emissions
Burning a single kg of coal contributes to 2.42 Kg of CO2

TURN ON THE
Breeze

Introducing, True Masterpieces.
The story of perfection in motion.

Considering India's hot and humid climate for the majority of the year, fans are a necessity in most Indian homes. With summer temperatures soaring with every passing year, there's now more reasons to have a fan in every room. Whether it's ceiling fans, wall fans, pedestal fans or ventilator fans, without one of these cooling appliances, you will find it difficult to stay cool and refreshed nowadays. But there's more to bringing home a fan than you thought.

Cooling technology and design has evolved so rapidly that you now have a plethora of choices when selecting a fan. From the right type to the right designs to energy efficiency, noiseless operations, lighting options, smart features, and many more - you can choose fans that meet your exact requirements. As a pioneer in manufacturing high quality wiring devices for more than four decades, Goldmedal incorporates the best in fan manufacturing technology to bring you fans that match your needs, perfectly.

Like our other appliances, Goldmedal fans are also designed and manufactured in India, keeping local climate conditions and needs in mind. We offer fans in every possible combination. Each fan is manufactured to the highest precision so that you experience superior cooling in the most energy-efficient way possible. Goldmedal fans are also designed to add aesthetic value to your room. Whether it's classical, contemporary, decorative, or smart - our fans will not only make your rooms feel cool but also look cool.

TECHNOLOGICAL REVOLUTION

TECHNOLOGY FOR A CHANGING WORLD

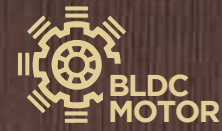

For more than forty years, Goldmedal has been introducing some of the best ideas in electrical wiring devices. From mini modular systems to modular systems to home automation systems, LEDs, wires and cables, and more, Goldmedal products have become synonymous with high quality, innovative products.

Along with pioneering many innovations within the industry, Goldmedal has also grown into a leadership position with its pan-India reach and sheer volume of sales. As a brand, Goldmedal is now foraying into newer categories, starting with its exciting range of cooling ideas that include ceiling, wall, pedestal, table, and exhaust fans.

As an appliance that contributes significantly to a household's electricity consumption, fans can be an expensive necessity. Goldmedal is at the forefront of using the latest technologies to ensure that fans leave as low carbon footprint as possible. All Goldmedal induction motor fans are star rated which helps reduce overall power consumption while its BLDC fans can bring down power consumption by as much as 60%.

Goldmedal's portfolio includes BLDC as well as star-rated power-saving fans in standard, decorative, and smart categories that satisfy a wide variety of needs and aesthetic preferences. Attention is paid to the minutest detail to ensure that every fan delivers in terms of function and style. The company's extensive, nation-wide presence ensures seamless delivery and service while its network of branches in every state ensures ready support to all its channel partners.

Designed for modern lifestyles, the new Goldmedal range of fans are masterpieces in the truest sense. Designed, developed, and manufactured entirely in India, the fans by Goldmedal are a continuation of the company's Made in India endeavour.

- Synchronous Motor
- High Grade Copper
- Powder Coated Metal Guards

Simple yet stylish, silent yet powerful, the Erica wall fan is the perfect cooling accessory for your wall. It is made with plastic blades for silent operation and corrosion resistant powder coated metal guards for a rust-free look. Like all wall fans by Goldmedal, it is energy efficient, has three-speed controller and can be easily installed onto the wall.

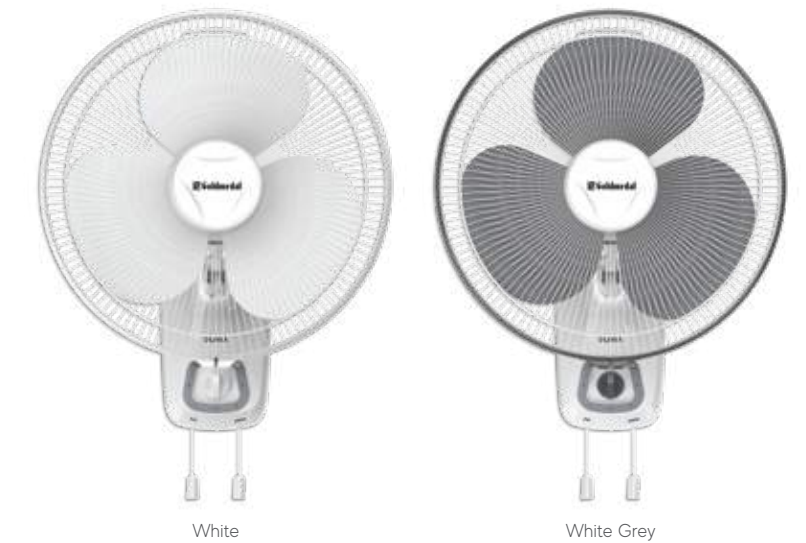

OLIVIA

Wall Fan

Inspired by minimalistic design aesthetics, the Olivia is an amazing wall fan that looks as good as it cools. With a simple and refined presence, Olivia features lightweight plastic blades that ensure noiseless, jerk free operation even at higher speed settings. The corrosion resistant powder coated metal guards are sturdy and safe to use. Available in two classic colour options, Olivia wall fans set a high standard for wall fans.
