Breeze
FAN BY GOLDMEDAL

TURN ON THE
Breeze

INTRODUCING, TRUE MASTERPIECES. THE STORY OF PERFECTION IN MOTION.

Considering India's hot and humid climate for the majority of the year, fans are a necessity in most Indian homes. With summer temperatures soaring with every passing year, there's now more reasons to have a fan in every room. Whether it's ceiling fans, wall fans, pedestal fans or ventilator fans, without one of these cooling appliances, you will find it difficult to stay cool and refreshed nowadays. But there's more to bringing home a fan than you thought.

Cooling technology and design has evolved so rapidly that you now have a plethora of choices when selecting a fan. From the right type to the right designs to energy efficiency, noiseless operations, lighting options, smart features, and many more — you can choose fans that meet your exact requirements. As a pioneer in manufacturing high quality wiring devices for more than four decades, Goldmedal incorporates the best in fan manufacturing technology to bring you fans that match your needs, perfectly.

Like our other appliances, Goldmedal fans are also designed and manufactured in India, keeping local climate conditions and needs in mind. We offer fans in every possible combination. Each fan is manufactured to the highest precision so that you experience superior cooling in the most energy-efficient way possible. Goldmedal fans are also designed to add aesthetic value to your room. Whether it's classical, contemporary, decorative, or smart — our fans will not only make your rooms feel cool but also look cool.

Conserve energy, *preserve the planet!*

Fans are one of the most heavily used electrical devices in India. No wonder they are responsible for a substantial part of a typical household's power consumption. At Goldmedal, we aim to help reduce your power bills and contribute to a greener planet through our BLDC fans and star-rated fans. These fans are a marvel of innovation — cutting down power consumption by up to 60%. and also ensure much less power usage compared to traditional fans.

Along with equipping our fans with power-saving capabilities, we also ensure that Goldmedal fans offer high-speed cooling, noiseless operation, and high aesthetic value. Created to meet the needs of contemporary living, Goldmedal fans are designed with advanced aerodynamic features, smart controls, and unique styling that complements the décor of every house. Minimizing energy consumption is the need of the hour and the Goldmedal range of BLDC and star-rated fans promotes an eco-friendly environment for the betterment of all life on earth.

DID YOU KNOW THAT USING GOLDMEDAL STAR RATED FAN FOR 10 YEARS CAN...

Reduce Electricity Consumption By 2686 Kwh
1 kg of coal creates 7.21 Kwh of electricity

Reduce coal consumption by 372 Kgs
1 kg of coal creates 7.21 Kwh of electricity

Stop 901 Kg of CO₂ emissions
Burning a single kg of coal contributes to 2.42 Kg of CO₂

Technological *revolution*

TECHNOLOGY FOR A CHANGING WORLD

For more than forty years, Goldmedal has been introducing some of the best ideas in electrical wiring devices. From mini modular systems to modular systems to home automation systems, LEDs, wires and cables, and more, Goldmedal products have become synonymous with high quality, innovative products.

Along with pioneering many innovations within the industry, Goldmedal has also grown into a leadership position with its pan-India reach and sheer volume of sales. As a brand, Goldmedal is now foraying into newer categories, starting with its exciting range of cooling ideas that include ceiling, wall, pedestal, table, and exhaust fans.

As an appliance that contributes significantly to a household's electricity consumption, fans can be an expensive necessity. Goldmedal is at the forefront of using the latest technologies to ensure that fans leave as low carbon footprint as possible. All Goldmedal induction motor fans are star rated which helps reduce overall power consumption while its BLDC fans can bring down power consumption by as much as 60%.

Goldmedal's portfolio includes BLDC as well as star-rated power-saving fans in standard, decorative, and smart categories that satisfy a wide variety of needs and aesthetic preferences. Attention is paid to the minutest detail to ensure that every fan delivers in terms of function and style. The company's extensive, nation-wide presence ensures seamless delivery and service while its network of branches in every state ensures ready support to all its channel partners.

Designed for modern lifestyles, the new Goldmedal range of fans are masterpieces in the truest sense. Designed, developed, and manufactured entirely in India, the fans by Goldmedal are a continuation of the company's Made in India endeavour.

A SYMPHONY OF ELEGANCE & PERFORMANCE

A perfect blend of art and utility, the Super Decorative Ceiling Fans from Goldmedal are more than just devices for air circulation. Each fan can be a masterpiece of design, crafted to leave a lasting impression. Adorned with exquisite patterns and artistic flourishes, these fans offer a spectrum of designs — from bold, modern geometrical lines to delicate swirls of traditional motifs, and more, all tailored to elevate contemporary interiors with finesse. Crafted from premium materials like wood, composite, or metal, and available in finishes ranging from lustrous metallic to understated matte, they seamlessly complement any decor.

Beyond their stunning appearances, the fans boast a powerful motor for efficient air circulation that ensures comfort in every season. Select models enhance the experience with energy-saving LEDs, a user-friendly remote control, and near-silent operations. These fans represent a symphony of elegance and functionality, making them ideal for modern homes.

ELEVATE YOUR COMFORT

Transform your living spaces into havens of comfort and style with our exclusive collection of Lifestyle and Personal Fans. Dive into the future with our Bladeless Air Purifying Fans, designed to seamlessly blend advanced air purification technology with a sleek, modern aesthetic, ensuring your air is as clean as your style is sharp.

Experience elegance with our Lifestyle Pedestal Fans, where classic design meets modern functionality, offering unmatched stability, wide-angle oscillation, and a touch of sophistication to any room. For those on the move, Goldmedal's Personal Fans provide the ultimate solution in portable cooling, combining compact design with powerful airflow to keep you cool wherever you go. Whether you're looking to purify, stylize, or personalize your cooling experience, our range has you covered.

OXYRICH
Air Purifying Bladeless Fan

Experience the future of air purification with our sleek, bladeless fan, featuring ambient lighting. It is equipped with advanced HEPA filter technology, a user-friendly LED touch panel, and a magnetic remote for effortless control. Enjoy customizable oscillation angles and versatile modes, from Auto to Night, all in a chic, high-grade futuristic design. This fan not only purifies your air but also enhances your space with its mood-setting ambient light.

AIR INTAKE

- Installing the air filter
- 1) Rotate the air filter cover counterclockwise to remove the air filter cover.
 - 2) Put the air filter on the fan main body.
 - 3) The filter cover is loaded into the fan main body and fixed by clockwise rotation.

AIR FILTER COVER

AIR FILTER

PRODUCT HIGHLIGHTS

- Bladeless Fan With Air Purifying Technology
- Sleek Magnetic Remote Control
- LED Touch Control Panel
- Oscillation Angles 30°, 60°, 90° & 120°
- 4 Different Modes (Auto, Strong, Night, Breeze)
- Real-Time PM2.5 Level Display
- Up & Down Tilt Angle Up To 15°
- Off Timer Function (1 To 8 Hrs)

VISTA 360°
Lifestyle Pedestal Fan

The Vista 360° pedestal fan is a marvel of modern design, blending high-grade plastics with a touch of copper elegance. Compact yet powerful with a 400 mm sweep, it offers a refreshing 360° breeze. Choose your comfort from multiple mode, and control it effortlessly with an IR remote. Its standout features include versatile oscillation options, a smart, auto-dimming LED display, and whisper-quiet operation. Plus, with its convenient timer settings, it's not just a fan – it's your personalized breeze crafted for comfort.

PRODUCT HIGHLIGHTS

- 3 Speed Setting With Normal / Breeze / Night Modes
- Automatic/Manual Horizontal & Manual Vertical Oscillation
- Remote Control · High Grade Copper
- Off Timer (1, 2, 4, 8 Hrs)

RAPIDO
Ex Vent Exhaust Fan

Count on the Rapido to rapidly clear the room of fumes and humid air. This heavy duty exhaust fan boasts a high speed, powerful motor that has high air thrust to clear the air. Its specially designed metal blade with powder coated finish prevents corrosion and thus extends its lifespan. With a classic design, the Rapido also features a sturdy bird guard that prevents the entry of birds into your premises.

Grey

PRODUCT HIGHLIGHTS

- High Speed Powerful Motor · High Air Thrust · Sturdy Bird Guard
- Specially Designed Metal Blade · Powder Coated Finish
